          Engineering");
      try {
        Thread.sleep (10000);
      }
      catch (InterruptedException e) {
        System.out.println ("Interrupted :"+e);
      }
    }
  }
}

class ob2 extends Thread {
  public void run() {
    while (true) {
      System.out.println ("CSE");
      try {
        Thread.sleep (2000);
      }
      catch (InterruptedException e) {
        System.out.println ("Interrupted :"+e);
      }
    }

```

```java
public class Main {
    public static void main ( string argc[])
